

SOUTH KEYS LANDING CO-TENANCY HOME OWNERS ASSOCIATION

REMOVAL OF DEAD TREES

Arrangements are being made with Landtech to have a number of common element trees cut down in SKL.

The specifications are as follows:

- cut down dead trees and dispose of branches
- tree to be cut to ground level
- this does not include stump removal or grinding

COST PER TREE \$175.00
 \$ 22.75 HST
 \$197.75

Note - The cost to do this work is based on a minimum of 8 trees being done at one time.

Should the number of trees exceed 16 at one time the price would be reduced to \$150.00 per tree plus hst.

The quote is also based on getting the work done during winter months.

This price is also available to any unit owner who wishes to have their tree removed as part of the program.

If you have a dead tree on your property and would like to have it removed, please send an e-mail to norean@pmamanagement.com requesting you would like to have your tree removed and acknowledge in your e-mail that you will be charged back for the cost of the removal. You can also send your request by fax to 613 742-5779. Please make sure to send your request in to Norean by no later than February 9, 2015.

We hope to be able to get this work done in mid to end of February.

If you have any questions, please call our Property Manager, Norean Harris at 613 742-5778 x 234.
